Foundation Stock Service® Frozen Semen Litter Application

General Information and Instructions

Purpose	Use this application to record a litter of puppies, resulting from artificial insemination, that was inseminated and whelped in the USA from an AKC FSS® recorded female and the frozen semen of an AKC FSS® recorded male or an approved foreign male of the same breed. AKC rules and regulations may be viewed on our web site at: www.akc.org.						
Mandatory Requirements for Frozen	After October 1, 1998, AKC 'DNA Certification' is required for all stud dogs whose semen is collected for frozen semen use, including foreign stud dogs whose semen is collected and frozen to be imported for use in the United States.						
Semen	2. The collection of semen for the artificial breeding must have been reported to AKC FSS® and the collector/storer must be familiar with and comply with AKC regulations for record keeping and identification of dogs (see page 4).						
	3. The certifications on this application must be completed by the owner of the semen, the owner(s) or lessee(s) of the dam, and the veterinarian who performed the artificial breeding.						
	Breeding unit identification must include breed, FSS recorded number of stud, date semen collected number of breeding units used.

Assistance	Email AKC at info@akc.org or call 919-233-9767 to speak to an AKC Customer Service Representative, Monday – Friday, 8:30 AM – 5:00 PM. Information about the recording process and downloadable forms are available on our web site: www.akc.org.						
Notice	The American Kennel Club reserves the right to correct or cancel for cause the recording of this litter and its descendants. Any misrepresentation on this application is one example of for cause cancellation and may result in loss of AKC privileges. By supplying your email address, you consent to receive communications from the AKC and approved third parties. Recording is not guaranteed. Application fees are nonrefundable and are subject to change without notice. Once submitted, this application becomes the property of the American Kennel Club.						

Foundation Stock Service® **Frozen Semen Litter Application**

REGULATIONS APPLYING TO THE RECORDING OF LITTERS PRODUCED

These Regulations shall supplement the "Regulations for Record Keeping and Identification of Dogs."

Each person engaged in the collection, freezing, storage, shipping and insemination of frozen semen shall follow such practices and maintain such records as will preclude any possibility of error in identification of any individual dog or doubt as to the parentage of any dog or litter.

RECORDS:

To provide a source of reference for the recording of litters of pure-bred dogs produced by artificial insemination, using frozen semen, applications for which have been made, or may later be made, to the American Kennel Club, and to assure the accuracy of such applications, certain minimum records must be kept.

All required records shall be made immediately, when dog has been delivered for the purpose of semen collection, at time of shipment of frozen semen, and insemination of same; shall be kept on forms devoted to that exclusive purpose; and shall be consecutive, accurate and up-to-date. Such records shall be maintained for a period of no less than five years from the point in time when the last of the frozen semen from a given stud dog is used.

I RECORDS TO BE KEPT BY COLLECTOR:

A. Dog Identification:

Breed

FSS® recorded name and number of stud dog

Sex, color, markings of stud dog (include tattoo, if any)

Color photographs of stud dog (full front and full side views)

Date of birth

FSS® recorded name and number of sire and dam

Name and address of owner of stud dog

(AKC FSS® suggests that collector also keep a health work-up of stud dog as part of stud dog's identification)

B. Collection of Semen:

Date on which stud dog was received

Owner's authorization of semen collection

Date semen collected, frozen and stored

Number of breeding units stored

Form of semen storage (Pellets, Ampules, Vials, Straws, etc.)

Container in which each breeding unit is stored shall be indelibly imprinted to show: Breed, FSS® recorded number of stud dog, Date semen collected

C. Disposition of Semen:

Identification of shipped semen

Number of breeding units shipped

Name and address of person to whom semen shipped

Authorization of semen owner for shipment

Date(s) semen shipped

D. Collector shall also maintain records of all transfers of ownership of stored semen. (See Section VI below re: transfer of ownership of semen.)

II RECORDS TO BE KEPT BY OWNERS OF STUD DOGS:

In addition to the records required to be kept by owners and breeders, as provided in AKC pamphlet "Regulations for Record Keeping and Identification of Dogs," owners of dogs from which semen has been collected, frozen and stored, shall include the following:

FSS® recorded name and number of stud dog

Date dog shipped to collector

Name and address of collector

Number of breeding units collected, frozen and in storage

Location of semen storage

Transfer of ownership of semen (see Section VI below)

III RECORDS TO BE KEPT BY OWNERS OF SEMEN OF STUD DOGS

WHEN BREEDING HAS BEEN ARRANGED:

Identification of semen (Breed, FSS® recorded name and number of stud dog, date semen collected)

Number of breeding units authorized for shipment and insemination Date of shipment

To whom semen shipped

FSS® recorded name and number of bitch to be inseminated Name and address of owner of bitch

IV RECORDS TO BE KEPT BY BREEDERS:

In addition to the records required to be kept by owners and breeders, as provided in AKC's pamphlet "Regulations for Record Keeping and Identification of Dogs," owners (or lessees) of bitches inseminated shall include the following:

Name and address of veterinarian who handled insemination FSS® recorded name and number of bitch inseminated

Date(s) of insemination

Identification of semen (Breed, FSS® recorded name and number of stud dog, date semen collected)

V Notification to AKC by Collector:

A. Collector:

Cheek swab DNA sample must be obtained by the collector, submitted with the notification of collection to AKC FSS®, and result in a DNA Profile and Number issued by AKC (unless an AKC DNA Profile is already on record). The AKC FSS® shall be immediately notified by collector of collection and freezing of canine semen. Such notification shall identify stud dog by its breed; FSS® recorded name and number; the number of breeding units collected; date stored; address of storage facility; name and address of owner of stud dog.

B. Collector/Semen Bank:

The AKC FSS® shall be immediately notified by the collector/semen bank whenever semen is shipped for intended use. Such notification shall include the identity of the stud dog by its breed; recorded name and number; the number of breeding units shipped; the identification of such breeding units; the name and address of the person to whom the units were shipped; and the date of shipment.

VI TRANSFER OF OWNERSHIP OF SEMEN:

Records required to be kept by owners of dogs from which semen has been collected and stored, and records required to be kept by collector (if semen is held in storage) must also note transfers of ownership of semen. Such records to include:

Authorization of transfer

Number of breeding units transferred

Date of transfer

Name and address of new owner

The AKC FSS® shall be immediately notified of such transfer of ownership of frozen semen

VII LOCATION OF STORED SEMEN:

In the event semen is stored at a facility other than the facility at which it was collected, frozen and initially stored—or—in the event all or part of the collected frozen semen is transferred to a new owner (see Sections II and VI above), the owner or new owner shall immediately notify AKC FSS®. Such notification shall include:

Identification of semen (Breed, FSS® recorded name and number of stud dog, date semen collected)

Number of breeding units relocated

Date transferred to new storage facility

Name and address of storage facility

VIII CERTIFICATION:

The AKC FSS® shall require such certifications from the semen owner, owner (or lessee) of bitch, and veterinarian who inseminated bitch, as shall be necessary to support an application for recording of a litter of dogs produced by the use of frozen semen.

IX INSPECTION:

The rules provide that the AKC or its duly authorized representatives shall have the right to inspect the records required to be kept and the practices required to be followed by these regulations and to examine any dog recorded or to be recorded with the AKC FSS®.

X PENALTIES:

The rules provide that the AKC may refuse to record any dog or litter or to record the transfer of any dog, for the sole reason that the application is not supported by the records required by these regulations. The rules also provide that the Board of Directors of the AKC may suspend from all privileges of the AKC any person who fails to observe the above regulations.
