

E. Lure Equipment: Clubs may use either a drag or continuous loop system. If a continuous loop system is used the "return" string must be set outside of the running course. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with the retrieval of the dog at the end of the course.

Lure Op – Should be located at the 1/2 way point

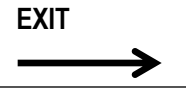

A. Safety: Safety is of utmost importance.....

"Prior to moving the lure to position it for the start, the lure operator shall announce "hold your dogs" in order to caution owners."
