

# AKC FOR YOU!

## Your Breeder Relations Team

**Your AKC FOR YOU! Breeder Relations Team is dedicated to providing prompt, personal customer service and customized programs for your breeder needs.**

### Free ARR Service

*Do you have breeding stock that is currently registered with another registry?*

Our free Administrative Research Registration (ARR) service allows AKC staff to conduct pedigree research to determine registration eligibility for dogs upon customer request. AKC can register dogs originating from AKC registrable stock. Dogs may qualify for registration if pedigrees show no break in AKC lineage and all dogs originate from AKC registrable stock.

### AKC Registration of Breeding Stock

*Is some of your breeding stock not currently AKC registered?*

If registrable, we will register them for you at a special discounted price.

### Discounted Litter Coupons

Register your AKC litters for only \$20, with no additional puppy fees!

Our \$20 flat rate litter coupons are available by request to assist you financially.

### Waived Late Fees

*Have you forgotten to register your dog or litter?*

Don't worry—your Breeder Relations Team will waive any late fees for you.

### AKC News FOR YOU!

AKC News FOR YOU! is our monthly e-newsletter that keeps you current on all breeder programs, exciting new offers, informative canine legislation information, upcoming breeder events, and much more.

### AKC Web Banners

Breeders in good standing with the AKC that have registered a litter with the AKC are eligible to receive an AKC web banner to display on their web site.
