

**AKC Rally Champion Titles Earned  
November 1, 2017 through January 31, 2019**

The Rally Champion title (RACH) was established on November 1, 2017. After approximately one year in the titling progression, the title requirements were revised effective February 1, 2019 and the new title requirements were grandfathered back to November 1, 2017. The title requirements were grandfathered since the change to the RACH title was completed in the title's infancy, and they were backdated to the beginning of the titling program.

However, AKC wanted to be certain to recognize those dogs and owners that worked so hard to achieve the title as it was originally established. Therefore, the list below identifies the dogs who have achieved the RACH title from November 1, 2017 through and including January 31, 2019.

As of February 13, 2019, all dog's records have been recalculated using the new title requirements.
