

## The AKC Retriever Field Trial Advisory Committee

It is the responsibility of the Retriever Field Trial Advisory Committee to provide input to the American Kennel Club Performance Events Department with regard to the Field Trial Rules and Standard Procedures for Retrievers. This may involve clarification of existing rules or new rules that enhance the sport. Topics for the Advisory Committee discussion may originate from the Retriever Field Trial participants or from the committee members themselves. The Performance Events Department may also direct ideas to the committee for consideration. The Performance Events Department values the input of the Advisory Committee but is not obligated to agree or act upon their suggestions.

### Members of the Retriever Field Trial Advisory Committee are:
