There's nothing more rewarding than helping people who

C A R E

about dogs become people who care *for* dogs. The American Kennel Club (AKC®) is proud of those who devote their future to ensuring

a healthy future for our pets.

Helping veterinary students realize their dreams is the cornerstone of the AKC® Veterinary Outreach Program℠ • For more than a decade, the AKC® has provided scholarships to future practitioners and researchers. Over one million dollars has been awarded to date, and each year the program continues to grow. The AKC® Veterinary Outreach Program, sponsored by The Hartz Mountain Corporation, also offers annual scholarships for veterinary technician students. • For veterinary professionals, the AKC® Veterinary Outreach Program connects them to the single most credible source on the subject of purebred dogs. It helps them provide the best care, and promotes responsible ownership. • A well-trained and well-informed veterinary community is vital to the future of purebred dogs. Caring for the people who care for our dogs? That's our lineage.
