

AKC Trick Dog: CGC Evaluators Now Test AKC Trick Dog Performer Level

The AKC Trick Dog titling program was launched on May 1, 2017. In the beginning, AKC CGC Evaluators tested the Novice, Intermediate and Advanced levels of AKC Trick Dog.

For the final level, AKC Trick Dog Performer, handlers sent videos/dvds to AKC and AKC evaluated the Performer level.

As of November 3, 2017, AKC CGC Evaluators may conduct AKC Trick Dog Performer tests along with Novice, Intermediate and Advanced tests.

For all levels of AKC Trick Dog, see:

<http://www.akc.org/about-trick-dog/>

If a handler has already been preparing a video, AKC will be happy to review it for the Performer title.

Why the change? Many evaluators have requested to have AKC Trick Dog Performer testing at shows and community events because when a theme or story is incorporated, the Performer testing becomes a crowd pleaser.
