

AKC Advanced Seminar Grant Award Offered by MNRC

The Master National Retriever Club is committed to incentivizing member clubs to actively participate in the efforts necessary to improve the quality of the hunt test judges pool. This financial grant incentive will subsidize and reward those Member Clubs that are investing in hosting an AKC Advanced Judges/Handlers Seminar for the purposes of educating existing judges, potential judges, and handlers. Grant amounts will range from \$600 to \$1000, based upon the number of participants.

Grant requests must be submitted in writing (or via email) to the Region Vice President or Director between December 1 and February 1. The MNRC Board will evaluate the requests and announce the award by April 1.

The seminar date must be no earlier than May 1 and no later than the following April 30.
