

## Saturday's Tracks

### Track #2

#### **Judge – Sally Elkins**

Flicka (Ct Katydid Vntr's Pretty Lil Girl BN RN CGC.) and handler Lynn Kaemmerer had a shaky start. Flicka cast wide both left and right moving down the first leg cutting the first corner. When she found the second leg, she moved confidently down the second leg and again cut a corner to the right. On the third leg the team moved into taller calf high grass and confidently moved down leg three to the metal article. Flicka and Lynn tracked effortlessly down the track making footstep left and right turns crossed a wooden bridge. This team picked up speed and confidence as they progressed through some extreme cover changes: mowed paths, tall grass, meandered down a short tractor path and into a field of wild flowers. In the flowers she missed the plastic article. Two open left turns took her to the final leather article. In true Corgi style Flicka wanted to share her find with us and her track layer Linda Hurst.

#### **Judge – Betty Winthers**

CT Katydid Vntr's Pretty Lil Girl, Pembroke Welsh Corgi, (Flicka), Flicka had a slow start, once she got the scent she track her way to the second turn, got of a bite then back on track to the metal article. She did an outstanding job crossing the little red bridge from there she had trouble and needed assisted to finished her track – she indicated the final article. Good job.
