

Sunday's Tracks

Track #5 Modified

Judge – Ray Desmarais

Was run by Alternate #1, eight-year-old male Beagle CT Roirdan's Magic Brew VCD1 RE AX MXJ MJB. The surprised handler and dog started the track quickly down the first leg, negotiated the first left turn and walked right over the first intermediate metal article. The dog had made the next open turn across the parking lot when we advised of the missed article. The dog was working nicely, but overshot the next right turn slightly, returned, and made the turn across a street to a left turn before hitting the higher cover. The dog moved right along on the second-to-last leg, picking up the plastic article and making an open left turn back across the road to the glove.

Judge – Joe Hamzy

Went to a Beagle dog, Brewster, and handler Jane Craig. Tracklayer was Tim Tyree. The dog made a nice first leg in a level area at the bottom of a hill and smartly made the first turn. The turn was near a road and the leg continued parallel to the road, contained an article and made an open turn across a road and parking area. The next turn was near the top of a slight hill. The dog's momentum carried him past the turn and into a tree line. After making the turn the dog crossed the main road and made a turn among some scattered trees. The third article was up next and was nicely indicated. The dog continued along this long leg to a slightly open turn, crossed the main road again and went up a slight hill to the glove. This dog was certainly ready when his number was unexpectedly called!
